## Workforce Info

### Rampart

Rampart is an unincorporated CDP located on the south bank of the Yukon River, about 75 miles upstream from its junction with the Tanana River. It is about 100 miles northwest of Fairbanks. Rampart is part of the Yukon-Koyukuk Census Area.

- ♦ The estimated population for 2008 was 16, a loss of about 29 since the 2000 Census.
- ♦ About 63 percent of the resident population 16+ years old worked in 2008.
- ♦ Trade, Transportation and Utilities and Local Government were the main industries in 2008, each employing 25 percent of the area's workers.

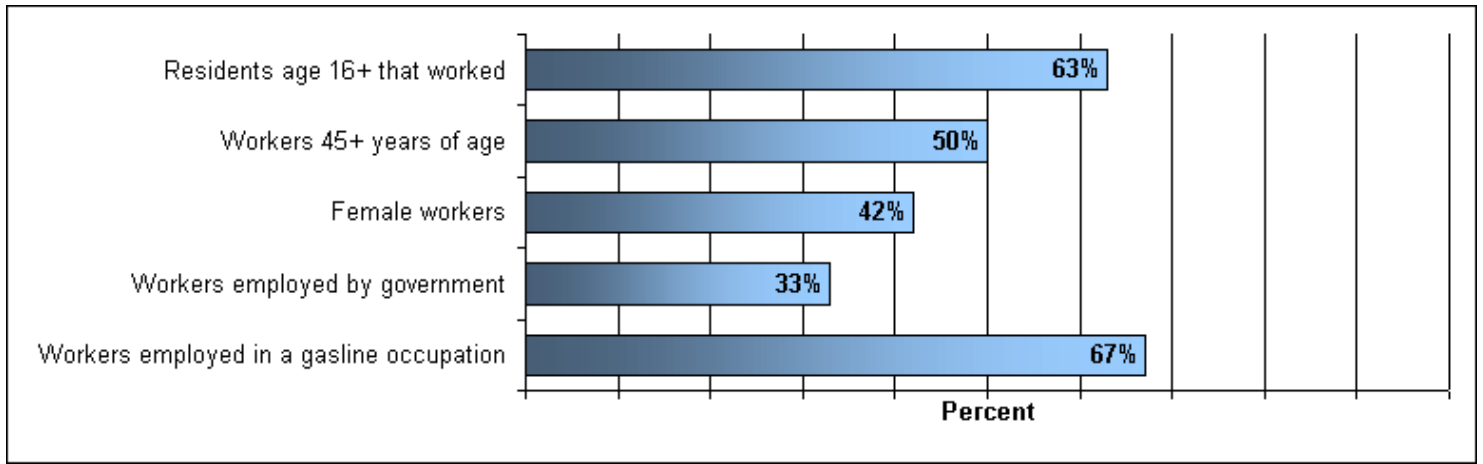

Please note: There is an important distinction between the local/regional employment data and our "standard" employment series. Most of these data reflect totals for area residents only. Total worker counts may be lower than expected in areas with a large number of nonresident workers. The Alaska Permanent Fund dividend file is used to determine the worker's geographic residence. Only Alaska residents (as defined by PFD application) are included in these totals. Also note that federal employees, the military, and the self-employed are not included in these data.
